ABOUT GPA

The Ghana Book Publishers Association now Ghana Publishers Association is a non-profit making, professional association of publishers in Ghana. It formally came into being as a registered company limited by guarantee and without a share capital in March 1976. The Association is the only collective voice of book publishers in Ghana.

GPA provides a forum where publishers come together to deliberate on various issues affecting the industry at large. The Association creates and promotes policies for the growth and development of the knowledge sector.

On 8th November, 2019 the name of the Association was changed to Ghana Publishers Association to expand the scope of publishers to include the publication of serials such as journals, magazines; online platforms/ website organizations the deal with books and/ or journals among others.

OBJECTIVES OF GPA

- ▶ To unite publishers in Ghana for the promotion of the Book Industry and to activate the industry in the national interest.
- ▶ To organise training schemes and refresher courses for its members to improve or encourage the technical and educational upliftment of members and their staff, and to initiate or encourage research into the problems of the book publishing industry.
- ▶ To encourage the widest possible spread of Ghanaian books throughout Ghana and beyond and to actively stimulate the interest of the Ghanaian public in books.
- ▶ To promote reading and literacy for the benefit to members and the country as a whole.

MEMBERSHIP

Membership of the Association comprises three categories: Corporate, Associate and Individual Membership.

- ▶ **Corporate Membership** is open to all publishers (including local and multinational companies) who for not less than two years prior to application have duly registered with the Registrar-General's Department for the purposes of carrying on the business of book publishing and have published at least three books.
- ▶ **Individual Membership** is open to managerial personnel in the book industry meeting the definition of publisher; individual Ghanaian publishers of not less than three years professional experience and a professional who has been an Associate member for not less than two years.
- ▶ **Associate Membership** is limited to students of recognised institutions whose area of specialisation is publishing; persons with special skills co-opted by Council and professionals with not less than three years' experience in the industry.

ORGANISATIONAL STRUCTURE

The GPA operates under the leadership of Council, chaired by the President. The Council constitutes four executive members, five non-executive members, an ex officio member (immediate past president), and a co-opted member (a representative from the Department of

Publishing Studies, Kwame Nkrumah University of Science and Technology). The President, Vice President, Honorary Secretary and Honorary Treasurer form the Executive Council. The highest decision-making body is the General Assembly which is a meeting of the members of the Association. The activities of the Association are managed by the Council. The Secretariat is the implementing body of the Association and it is headed by the Executive Secretary. The activities of the Association are supported by committees set up by the Council and the General Assembly.

OPERATIONS

The Association has a national office at Kawukudi Culture, (behind 37 Military Hospital), in Accra, the regional capital of Ghana and a Northern branch office which is hosted by the Department of Publishing Studies of Kwame Nkrumah University of Science and Technology (KNUST), Kumasi.

2.0 Activities

Participants at 43rd GPA's Annual General Meeting on 12th December, 2019

INFORMATION SHARING

The Association disseminates relevant and current information among its members on the state and trends of the publishing industry in Ghana and overseas. These include national and international book fairs, copyright summit, international workshops, government policies, book tenders and book review exercises by state institutions, anti-piracy measures among others. Members also get regular reports on various local and international book fairs where GPA is represented as well as access to reference materials for research in the areas of book publishing.

CAPACITY BUILDING

GPA periodically provides sound professional training to members and non-members on publishing to enhance professionalism in the publishing industry in Ghana. Series of training courses, workshops and seminars are organised for editors, production staff, managers and sales / marketing personnel in publishing. GPA also provides access to international training as well as keeps members informed about overseas training opportunities.

ADVOCACY

The Association advocates for policies, laws and conducive business environment suitable for the publishing industry with constant engagement of government notably Ministry of Education and other key stakeholders. Ghana lacks book and reading policy to regulate and sanitise the industry. These among others such as the Ghana Book Development Agency Bill need strong advocacy by the Association to incorporate the concerns of publishers.

TRADE PROMOTION

GPA is the lead organiser of the Ghana International Book Fair. The Association also holds regional book fairs to provide opportunities for publishers to promote and sell their books. GPA represents members at international book fairs mostly with the help of APNET's collective exhibition.

5.0 ISBN Acquisition in Ghana

An ISBN is an International Standard Book Number. An ISBN is essentially a product identifier used by publishers, booksellers, libraries, internet retailers and other supply chain participants for ordering, listing, sales records and stock control purposes.

The ISBN identifies the registrant as well as the specific title, edition and format. ISBNs were 10 digits in length up to the end of December 2006, but since 1 January 2007 they now always consist of 13 digits. ISBNs are calculated using a specific mathematical formula and include a check digit to validate the number.

Registering for ISBN in Ghana involves flexible requirements which are:

- ▶ Write an application letter to the George Padmore Research Library indicating the title of the book, writer's name, the number of pages of the book(s).
- ▶ Submit a copy of your manuscript: printed or soft copy on CD or pendrive.
- ▶ Pay a fee of GH¢15.00 and GH GH¢50.00 for a book and serial respectively.
- ▶ It can be issued within 24 hours after assessment. The applicant/ publisher has to use the ISBN within two months. If the publisher is not able to do so, an application has to be made to the Library for extension of time.
- ▶ After publishing the book, the publisher is required to submit two copies of the published book to George Padmore Library termed as Legal Deposit which is madatory by law for referencing and record keeping purposes. Failure on the part of the publisher to submit the said number of copies on each title published with ISBN will automatically disqualify them from getting subsequent ISBNs.

In Ghana, George Padmore Research Library on African Affairs is the only authorized institution to issue ISBNs and International Standard Serial Numbers (ISSNs).
